They are ideally suited for applications where reliabili<br>ty is a must and space is at a premium. Mini contactors relays are used in r<br>esidential buldings, commercial buildings and industrial applications for swi<br>tching of control signals up to 3 A / 400 V (AC-15). Further features are the<br>noiseless and hum-free coil and a a switch position indication. |
| General Information  | KC6 227 E 04   |
