

ALL DIMENSIONS ARE REFENECE ONLY

This drawing is the property of RockWell Automation & may not be used for any other purpose other than that for which it was supplied without the express written authority of RockWell Automation.

The diagram shows the orthographic projection of a cone. The front view on the right is a triangle with a vertical centerline, indicating a symmetrical object. The top view on the left is a circle with a smaller concentric circle in the center, representing the base and the apex of the cone respectively.
