

Repair Parts for 100-C / 100L-C / 100Q-C / 100S-C / 104-C / 104S-C Contactors

Coils are available for bulletin 100-C, 100L-C, 100-Q, 100S-C, 104-C, 104S-C contactors. Repair Parts for other components such as contactor power contacts, yoke and armature magnets, coil spring and contactor housing are not available for sale for these products. The mechanical/electrical interlock supplied with bulletin 104-C, 104S-C contactors can be replaced. Order part number 100-MCA02.

Repair Coils for AC Operated Contactors (104C, 104S-C contactors are supplied with two 100C contactors)

Catalog Explanation:

$$100/104 - \frac{C09}{a} \frac{D}{b} \frac{10}{c} - \frac{90}{d}$$

A = size of contactor; B = coil voltage and frequency; C = number of auxiliary contacts and configuration

D = miscellaneous options

Example: the replacement coil for a 100-C09D10 is part number **TA473**.

Repair Parts for 100-C / 100L-C / 100Q-C / 100S-C / 104-C / 104S-C Contactors

Repair Coils for Pure DC Conventional DC Operated Contactors

(104C, 104S-C contactors are supplied with two 100C contactors)

Example: the replacement coil for a 100-C09DJ10 is part number **TA714M**.

Coil Replacement Notes:

1. Some Coil replacement part numbers in this table have been discontinued for sale.
2. The Pure (one stage) DC Conventional Coil design for contactor sizes of 43 Amps and below in these product lines have been superseded by an Electronic Coil design.
3. Coils are not interchangeable between AC, DC Conventional, DC Electronic or DC Electronic Quick Drop Out Time Contactor Designs

Repair Parts for 100-C / 100L-C / 100Q-C / 100S-C / 104-C / 104S-C Contactors

Repair Coils for Electronic DC Operated Contactors

(104C, 104S-C contactors are supplied with two 100C contactors)

Example: the replacement coil for a 100-C09EJ10 is part number **TC714E**.

Coil Replacement Notes:

- Coils for the 100-C40, 100-C43, 100-C55, 100S-C43, 100S-C55 Contactors are not interchangeable between the Series A and the Series B contactor designs.
- Coils are not interchangeable between AC, DC Conventional, DC Electronic or DC Quick Drop Out Time Contactor Designs
